

Kevin Konitsch

Senior Level Compositor

Versatile, results-oriented compositor, experienced in producing visual effects for high-end television and feature films. I use a variety of tools and post-production experience to fulfill the needs of visual effects houses everywhere.

Experience

2016 – present

Savage Visual Effects – Pittsburgh, PA

Visual Effects Artist | Senior Level Compositor

- Worked with a small team of artists, delivering shots for Netflix and feature films
- Created custom Nuke gizmos to streamline internal production pipeline, allowing remote work to be seamless and instant.
- Maintained internal database for shot tracking and comp IO rendering
- Developed Nuke templates for internal production procedures and methods
- Worked with supervisor to QC other remote artist's work for quicker turn around times.
- Held weekly remote review sessions with supervisor for quick notes and feedback.

2018 – 2019

Powerhouse Visual Effects – New York, NY

Freelance Compositor

- Worked Remotely in NukeX on legal work for TV and Films
- Used Encrypted File managers to upload shots to secure servers for delivery
- Used Shot Trackers such as Shotgun to address notes with supervisors daily

2013 – 2016

Empire Visual Effects – Buffalo, NY

Visual Effects Artist | Entry Level Compositor

- Worked with a fresh startup company for subcontracting rotoscoping and paint work for VFX houses and production facilities.
- Worked as an on set photogrammetry and HDR photographer for creating photo real CG renders.
- Used photogrammetry to create 3D representations of sets and camera setups.
- Set up render layers for final composites of all CG work done in Maya.
- Worked as a rotoscoping lead to QC work before being sent to clients.
- Work in NukeX to create mattes for compositors using multiple keying and rotoscoping techniques

2012 – 2013

IBC Digital – Buffalo, NY

Freelance 3D compositor | Graphic Artist

- Work as a compositor combining 2D images and graphics with 3D animation and live action footage
- Corresponded with a variety of clients such as the Cleveland Cavaliers and Tops Friendly Markets

Education

2008 – 2012

Point Park University | Pittsburgh, PA

BA - Bachelor of Arts in Cinema and Digital Arts

- Studied the history and art of filmmaking. Created short films from pre-production to post-production.
